ShakaCode Coaching Plan

Updated December 7, 2016

We're thrilled that you're considering ShakaCode for coaching! Your support allows us to continue to invest time in our open source projects! Our base package is $1500, and that goes for up to 8 months of coaching.

Specialties

- React on Rails, our project, with over 2,300 stars and in many production systems!
- Pure JavaScript front-end projects using the React ecosystem
- React Native
- Ruby on Rails

Product

- Private Slack Room (or you can create one for our team members on your Slack) for questions with a 12-hour maximum time before responding. Typically, we'll respond within hours or minutes.
- Offline code reviews in pull requests.
- Live meetings via Zoom.us, Skype, Google Hangouts, Screen Hero, etc.
- Of course, we'll write code and submit pull requests.
- We'll share sample code from our production product https://www.friendsandguests.com/.

Billing

- $150/hr is billed in 10-minute increments.
- You may choose either:
  - Prepaying for time with a minimum of $1500 or
  - Monthly billing with a non-refundable deposit equal to the expected hours for a month, with the minimum deposit being $1500. The deposit is subject to change depending on the expected hours per month.
- The monthly minimum is 2 hours. Please try to keep us engaged 2 hours per month.

Notes

If you wish to engage us for a material amount of coding, our hourly rates range from $70 to $150 per hour.
